ESSENTIAL GUIDE

OVERVIEW

THE JUNIPER & THE RESERVE AT JUNIPER

TWO TOWERS OF UNMATCHED LUXURY LIVING

Redefining luxury living in the heart of Midtown Atlanta, *The Juniper* and *The Reserve at Juniper* are a pair of iconic towers thoughtfully designed to elevate every aspect of modern residential living.

THE JUNIPER

Light-filled and connected, *The Juniper* offers a modern warmth that reflects the energy of Atlanta. Homes are elegantly composed, framed by sweeping views and a lifestyle shaped by community and culture. Amenity-rich and gracefully social, *The Juniper* is a refined address at the center of it all.

THE RESERVE AT JUNIPER

Redefining what it means to live well in the city, *The Reserve* offers expansive homes, elevated finishes, and a suite of wellness-focused amenities deliver a life of quiet distinction—where every detail is curated to elevate the everyday to the extraordinary.

PRIVY

Privy is a members-only sanctuary comprising *The Reserve*'s amenities and services, blending immersive wellness, elevated hospitality, and curated lifestyle experiences into a unique lifestyle offering. From on-property treatments at *Privy* Spa to concierge-attended afternoons at the rooftop pool, every detail is designed for balance, restoration, and ease.

Together, these residences offer a seamless blend of sophistication, comfort, and five-star service—creating an unmatched living experience in one of Atlanta's most coveted neighborhoods.

LOCATION

ESSENTIAL MIDTOWN

THE ADDRESS FOR EVERYTHING

Perfectly positioned in the heart of Midtown Atlanta, *The Juniper* Midtown offers unmatched access to the city's most dynamic destinations. Just steps from the iconic Piedmont Park, residents enjoy proximity to lush green spaces, the Atlanta BeltLine, and a vibrant mix of restaurants, cafes, and cultural institutions. The neighborhood pulses with energy—from art galleries and theaters to tech hubs and major employers—making it one of the Southeast's most walkable and connected urban communities. Whether you're commuting, exploring, or simply enjoying the local flavor, *The Juniper* places you at the center of it all.

DESIGN & ARCHITECTURE

ROOTED IN NATURE

A SANCTUARY OF STYLE

The Juniper and *The Reserve at Juniper* are a striking architectural statement in the heart of Atlanta, designed to complement the energy and elegance of the city's most vibrant district. Brock Hudgins Architects, based in Atlanta, led the architectural vision for the project. The twin bronze-clad towers are thoughtfully crafted to bring warmth and timeless beauty to the Midtown skyline, serving as both a visual landmark and a symbol of modern sophistication.

Inside, the design is elevated by the creative direction of CID Design Group, a Naples, Florida-based firm known for its refined, lifestyle-driven spaces. Drawing inspiration from the lush landscapes of nearby Piedmont Park, the interiors feature a nature-inspired palette and organic textures that evoke tranquility, balance, and connection to place.

The landscape design thoughtfully combines beauty, sustainability, and functionality to create a vibrant urban retreat. Outdoor amenities like the resort-style pool, open-air cabanas, grilling areas, and a movie lawn offer spaces to relax, socialize, and connect. Residents can gather in the indoor-outdoor lounge and demonstration kitchen—perfect for tastings, cooking classes, or shared meals that inspire creativity and community. Surrounding the community, features like bioswales along Juniper Street filter stormwater runoff while beautifying the sidewalks and supporting sustainable water management. Expanded sidewalks, street trees, and separated bike lanes enhance the pedestrian experience and promote active transportation. The use of native plant species supports local ecosystems, while biophilic design elements, such as moss walls in the lobbies, bring nature indoors to promote resident well-being.
